ATS WELCOMES NEW CONTROLLER

John Thyberg joins the support staff of the COO in the position of Controller. He comes to us with over 40 years of business and government (the IRS) experience. During his career he has worked for a few fortune 500 companies as well as ownership in a number of service providing businesses. He understands the fragile balance in the challenges and issues facing business owners and corporate businesses with the policies and procedures of the company.

On a personal note John earned both a BBA and a MBA at Temple University after he served in the US Navy during the 1970's. He is the father of an adult son and is divorced. John has traveled both in the United States (all 50 states) and abroad (he worked in Hong Kong before it became part of China) and enjoys cruising the high seas with his lady friend on Norwegian Cruise Line.

STEPHEN SUMMER OF ABOUT TIME SNOW RECEIVES INDUSTRY LEADER AWARD

Stephen Summer of About Time Snow was recognized by his peers at the ASCA Executive Summit banquet as one of 4 2015 leadership award recipients. Award recipients are nominated by peers and after a rigorous vetting are chosen by an ASCA committee. Recipients are not only chosen for their leadership within the snow and ice industry but also for their leadership within the communities. This is a prestigious award, one that is bestowed upon a select few, only those at the very pinnacle of their profession.

John Allin, founder of Snowfighters Institute, who was present at the banquet stated, "All of the award recipients have exemplified the qualities of leadership that all snow contractors seek to achieve. Having worked with Stephen and his team I have witnessed firsthand his leadership within his company, his community and his church."

Notable this year, is that all four recipients are ISO SN9001™ Certified companies. Allin continues, "The ISO Certification is the epitome of professionalism in any industry. To go through this process is to educate yourself and your staff on how to operate at a higher plane than has been previously available to snow and ice management contractors."

About About Time Snow: About Time Snow (ATS) was started in 1993 by Stephen Summer to provide complete snow and ice control services throughout Bucks County and other areas surrounding Philadelphia. Over the course of time, we have moved beyond our immediate markets. Currently, we have a presence in the following 7 states: Ohio, Delaware, Maryland, New Jersey, New York, Pennsylvania and Virginia. ATS has been pioneers in the Commercial Snow and Ice services and management Industry for over 20 years.
